p 670, last paragraph, the sentence:

For brevity it is useful to describe a system by specifying only those properties to which respect to, it being understood that the system is open with respect to all the unspecified properties.

Should read:

For brevity it is useful to describe a system by specifying only those properties to which the system is closed with respect to, it being understood that the system is open with respect to all the unspecified properties.

p 673, Equation 2, insert a minus sign to the right of the equals sign.
